

# Patravi Tribute to Fritz Brun

A unique and incomparable timepiece of which 75 were created in rose and 50 in white gold. A fascinating chronograph with a perpetual calendar and phase-of-the-moon display.

Each one of the highly complicated movements underwent a tough 15-day test by the Swiss Chronometer Institute (COSC) before being awarded the much revered chronometer certification. The case is a complex structure of a total of 52 individual components whose brushed and polish finish lend the watch that special extra. Just like Carl F. Bucherer, Dr. h.c. Fritz Brun was also a pioneer in his time. Born in Lucerne in 1878, he is amongst the most influential people in the history of music in Switzerland. On the occasion of his 125th birthday, Carl F. Bucherer created the Patravi Tribute to Fritz Brun, an homage to the life and work of a great person who always went his own way.

Going your own way - this is part of the philosophy of Carl F. Bucherer since 1919. And it is why we are still an independent family-owned Swiss company today. In the true tradition of the founder, we make no compromise when it comes to highest quality and love of detail. To ensure that the only watch from the heart of Switzerland will remain unique in the future, too.
