

Patravi AutoDate Power

It can be very unpleasant if a mechanical watch suddenly stops ticking. This is where the Patravi power reserve comes into its own. The most noticeable feature of this harmoniously designed watch is its decentralized power reserve display. Just one glance will tell you how much longer it will keep running. This useful display is just one of the dial's esthetic features.

Particular features:

- retrograde power reserve display
- multi-part stainless steel watch case
- screw down crown
- finest calf leather strap, stainless steel bracelet

Going your own way - this is part of the philosophy of Carl F. Bucherer since 1919. And it is why we are still an independent family-owned Swiss company today. In the true tradition of the founder, we make no compromise when it comes to highest quality and love of detail. To ensure that the only watch from the heart of Switzerland will remain unique in the future, too.
