

Patravi TravelGraph

The CFB 1901 calibre, exclusively developed and used by Carl F. Bucherer, combines a chronograph with a dual time zone display – incredibly simple to adjust due to its complex mechanism. By simply pulling the crown out, the hour hand disengages from the hand movement and can thus be set an hour at a time. During this process, the watch works as normal, thus never losing track of the time. The date is also altered simultaneously, backwards or forwards as appropriate. The second time zone can be read on the 24-hour bezel via a red hand. A sporty chronograph with incredibly useful extra functions making this an indispensable travel companion.

Distinguishing features:

- movement continues working when the quick setting function is used, guaranteeing the exact time
- date can be set both forwards and backwards
- dual-directional 24-hour bezel allowing a third time zone to be briefly and quickly displayed
- high-quality Louisiana alligator leather strap with easy-to-adjust folding clasp
- intricately worked metal bracelet with practical fastening mechanism

Reference:

- 00.10618.08.33.01

Movement:

- CFB 1901
- Power reserve: 42 h
- Jewels: 37
- Automatic
- GMT chronograph
- Second time zone
- Date indication

Case:

- Screwed crown
- Stainless steel
- Sapphire crystal
- Water-resistant to 50 m
- Case diameter 42 mm

Strap:

- calf's leather strap
- Folding clasp

Going your own way - this is part of the philosophy of Carl F. Bucherer since 1919. And it is why we are still an independent family-owned Swiss company today. In the true tradition of the founder, we make no compromise when it comes to highest quality and love of detail. To ensure that the only watch from the heart of Switzerland will remain unique in the future, too.
